

## The Truth

Some people will suffer from one year to another with sick headache, indigestion and all sorts of nervous ailments, and at the same time try all kinds of medicine that is advertised, when in reality defective eyes are the cause of all the trouble. Have your eyes examined by an Ophthalmologist and you will be informed of your true condition and how to get well without drugging yourself to death.

### ACCUSED OF HEINOUS CRIME.

#### Murder and Criminal Assault Charges Made Against Denver Man.

Denver, Sept. 25.—Russell Bolles, who is being brought from Westminster, B. C., to stand trial in Denver for the murder of Harold Fridborn, was a huckster in this city when the crime for which he stands accused was committed.

On the evening of December 31, 1901, Florence Fridborn, a sixteen-year-old girl, went to a pond in North Denver to skate, accompanied by her brother, Harold, fourteen years of age. While putting on their skates they were approached by a man who pretended to search the boy's clothing for money and then turned to assault the girl. Harold, who had been knocked down, rose and went to the aid of his sister, who was fighting desperately. Thereupon the man struck the boy on the head with an axe, the blow killing him. The murderer then brutally assaulted the girl beside her dead brother's body.

### SCANDAL AT ST. JOSEPH, MICH.

#### Report of Expert Accountants Show Lax Enforcement of the Law.

St. Joseph, Mich., Sept. 25.—The report of the expert accountants who have been working on the books of the city under the direction of Mayor Starr, has astonished the citizens of this city. The period under investigation is from January 1, 1901, to March 31 last. The report alleges that hundreds of receipts for vouchers for warrants issued by the city are missing, the total amounting to \$225,886. There is no record for contracts for street work aggregating thousands of dollars. Neither is there verification of saloon licenses nor of the fees collected. Hundreds of license stubs are missing, as also are 1,000 water stubs. Warrants paid by the city treasurer that do not bear the endorsement of the mayor exceed \$2,600, and there appears to be no record of special assessments. The books of the treasurer show no remittances for several months, while disbursements for loans and interest on the city debt have been made without the authority of the council.

### Manager Settles with Bullets.

Chicoutimi, Sept. 25.—Joseph Monger, manager of theatrical company "Marked for Life," at a local theater, shot three members of the company after the performance last night, none being seriously wounded. Bert Hawerly was shot on the chin, his wife received a flesh wound in the abdomen and Longfellow was shot in the hand. Monger called all the members of the company into his room after the performance, stating that he wished to make a settlement. Leaving the room a moment, Monger returned with two revolvers and fired ten shots before he was overpowered by the stage manager. All the members of the company declare that Monger has been acting queerly for a week and that he is undoubtedly demented. Monger was arrested.

### Odd Fellows to Erect Temple.

Baltimore, Sept. 25.—At the morning session of the sovereign grand lodge of Odd Fellows, the committee on finance reported favorably on the plan to erect a \$1,000,000 memorial temple in this city, but deemed it inadvisable to connect the name of the sovereign grand lodge with the project. The committee recommends that the enterprise be placed in the hands of Washington lodge No. 1 of this city, known as "The Mother lodge," of the order, with authority to solicit subscriptions from other jurisdictions.

Answers Description of Train Robber. Wathena, Kan., Sept. 25.—Officers here and at St. Joseph think that a very important capture was made here which may be a clue as to who held up the Burlington train near St. Joseph Tuesday. Sheriff Ramsey of Troy arrested William Muncie on an old warrant charging him with an attempt to kill. Muncie fills the description of one of the Burlington train robbers.

### Black Talks to Illinois Veterans.

Carbondale, Ill., Sept. 25.—General John C. Black, national commander-in-chief of the Grand Army of the Republic, delivered an eulogistic address to 12,000 veterans and their friends at the twenty-first reunion of the Southern Illinois Soldiers' and Sailors' association. A cordial reception was given to General Black. Mrs. John A. Logan also spoke to the veterans.

### Board of Trade Is Beaten.

Dubuque, Ia., Sept. 25.—Judge Shiras has written the opinion for the United States court of appeals in the case of the Christie Grain and Stock company et al. appellant, against the board of trade of Chicago, appellee, reversing the decision of the federal court of Missouri and remanding the case to that court with instructions to dismiss the bill at complainant's cost.

### Cloudburst at El Paso.

El Paso, Tex., Sept. 25.—A heavy rain and hailstorm swept over this section. For a half hour the down-pour was terrific, much resembling a cloudburst. Much damage was done by the water. At Anthony, N. M., twenty miles north, 200 yards of the Atchison, Topeka and Santa Fe tracks were washed out and trains are delayed.

### Attempt to Rob Bank Fails.

Holdrege, Neb., Sept. 25.—An unsuccessful attempt was made to rob the First National bank at Loomis, this county. Burglars unlocked the front door and with tools made a hole through the vault, but did not break open the safe. It is supposed they were scared away, as the tools were left in the vault.

## TO EXCHANGE EXCHANGES

### Nebraska Telephone Company to Move Central Office.

#### WILL HAVE M'CLARY BLOCK

Have a Lease for Five Years, Continuing from December 1—Work of Installing Will Require Two Months New Board Goes in There.

The Nebraska Telephone company will exchange their location in Norfolk. Beginning with the first of December they have a lease with J. S. McClary for the entire second floor of the McClary block, 302 Norfolk avenue, and the contract continues through five years.

The removal of the telephone apparatus will require probably two months. It will be an immense lot of work to shift the entire exchange, with switchboards, cables, and batteries, without discontinuing the service. The new switchboard which is now in course of construction and which will be a monstrous board, will be installed in the new location as soon as it is done.

The exchange is now located in the second floor of the Cotton block, corner Fourth street and Norfolk avenue. It has been there for a long period of years.

### Birds are Migrating.

The birds that have been in the north during the summer are flocking together and making their way toward the south to escape the rigors of the winter. Even the hardy blue jay, that sometimes remains north all winter, is getting out of the country, and very few of the migratory birds are left. The people dislike to see them go, but would rather have them go and come again, than to stay here and freeze to death. They should know, however, that there is nothing to fear from the Nebraska climate for several weeks and might prolong their visit, but they perhaps know best what they are about. Ducks are now offering themselves as fit targets for the hunters and geese will soon be here, enroute to a warmer climate.
